To Whomsoever it May Concern

Comart Lithographers Pvt. Ltd. a Premedia Company in business since 1934. We cater to the quality conscious markets where color is extremely important and reproducing it to look similar across different media including Print and Digital hoardings, inshop signage, press ads, magazines, on mobile devices are all part of the marketing mix which we manage. Our clients include Loreal, Unilever, Reliance, Tata, Birla, Vodafone, ect. Our agencies we serve are WPP and Ogilvy, JWT, BBH, Leo Burnette, HAVAS, ect. Our print publications we have worked with Vogue, Condast Traveller, GQ, L'official, Verve, ect.

Our company has many service which Marketing Communication need right from Photography to design, image retouching, artwork adaptation, shop signage, short run and offset print ect. We also have 3D capabilities and a VR and AR department.

I would like to give my highest recommendations to Mr. Navraj Ghimire who worked as a Colour Management Manager for the entire group.

He handled very high colour standards of calibration across multiple devices not only in our head office but laid down procedures to calibrate printers in our offsite locations.

Navrajs role was critical in managing our viewing and print and image capture devices.

Navraj is a keen learner who picked up the ropes from his senior and later headed the division independently. He trained a couple of juniors and shared his knowledge. This allowed for a smooth transition to his colleague.

I wish Navraj all the luck and can assure any one employing him that he will be a useful asset to any organization. He was never afraid to take on challenges and hard work. He never allowed the company to suffer on account of managing color. Our clients felt reassured when Navraj was overlooking a critical color match.

I wish him all the success and best wishes.

Regards

Fred Poonawala

Director
