Hi Navraj,

Agreed, with the broad ribbon, can you go a 1/4th of an inch? Or slightly less if you think that will be too broad?

I was thinking black velour ribbon.

Thank you,  
Nishita

Hi Nishita,  
Thanks for the Confirmation,  
Proceeding ahead with rest 15 Calendars.

Also as instructed by Raika Madam, The Ribbon color will be either orange or Pink,  
Also I feel that we should use a little broader Ribbon. Let me know your opinion on this.

Hi Navraj,

I saw the sample last evening and it looks good!

If you mean the holes on the top for the rings on the acrylic, I agree, I think you can reduce the size by 25% in diameter at least. However, you should also reduce the size of the two hole at the bottom for the ribbon to match.

Thank you,

Nishita

Hi Nishita,

Sending you the first copy of the calendar on the acrylic suggested by you.  
Just one suggestion from bhaskar is to keep the holes for the rings as the same size as before,  
as it will add more stability to the acrylic stands.

Kindly let us know your opinion, So we can proceed with the remaining 15 qtys.

Bhaskar - I appreciate your efforts in procuring the right acrylics!

Are we to expect a dummy?

Please do remember the slight curved edges on the acrylic for safety.

Nishita
